WARRANTY REGISTRATION AND WARRANTY CLAIM PROCEDURE

The original retail purchaser should register their purchase within 10 days from the date of original retail purchase to establish proof of purchase with Structural Armor WRS. Failure to register does not void this limited warranty but, upon any warranty claim, proof of purchase must first be provided to confirm original retail purchase date to the original retail purchaser. Registration can be submitted online at www.structuralarmor.com. In the event of a warranty claim of a defect covered under the provisions of this limited warranty, the original retail purchaser must first notify Structural Armor WRS within ten (10) days of the initial discovery of defect. Upon notice of the warranty claim, Structural Armor will arrange inspection (or request photos of the asserted defect) of the liner to determine if the claimed defect is a covered defect under this limited warranty. If it is determined that the claim is not covered by this limited warranty, the cost of the repair or replacement is the sole responsibility of the purchaser. If it is determined that the defect is covered under this limited warranty, Structural Armor WRS repair or replace the liner. In the event of liner replacement, the replacement liner will carry the balance of the original pro-rated limited warranty from the original retail purchase date. Structural Armor WRS reserves the right to collect from the retail purchaser reasonable travel expenses. This limited warranty is extended only to the original retail purchaser and is not transferable. This limited warranty becomes void upon the transfer of ownership .
